Author **Richard Forer** receives national recognition through the **NYC Big Book Award®!**

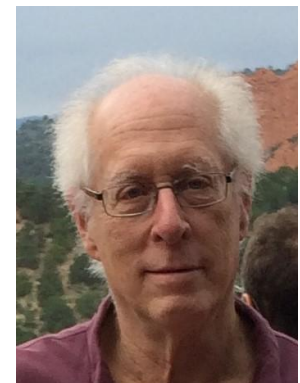

Boulder County, CO -- The NYC Big Book Award recognized [*Wake Up and Reclaim Your Humanity: Essays on the Tragedy of Israel-Palestine*](#) as the winner in the Cultural and Social Issues category.

The competition is judged by experts from different aspects of the book industry, including publishers, writers, editors, book cover designers and professional copywriters. Selected award winners and distinguished favorites are based on overall excellence.

[*Wake Up and Reclaim Your Humanity*](#) tells the true story of a lifelong supporter of Israel who underwent a remarkable spiritual awakening in which he realized he was as much Muslim or Christian as Jew, and as much Palestinian as Israeli or American. Existential fear and confusion, the hallmarks of separate identities, were transformed into compassion and clarity and an unequivocal vision of the roots of suffering spontaneously arose. Recognizing that endless conflict only leads to alienation from our true selves, this book encourages readers to look at the documented history of the

Israel-Palestine tragedy and get in touch with how they view and interpret that history. It offers readers a path that leads to freedom from false beliefs, enemy images, and the illusion of identity to equal rights for all people and a just peace between Palestinians and Israelis.
